

CORPORATE LOCATIONS

Office Market

Demand Significant demand from mainland corporates over past 5 years

Demand for office space in Hong Kong from mainland corporations has been growing significantly over the past 5 years. Indeed the market, in Central in particular, has been dominated by those mainland firms especially for deals over 10,000 sq ft. China businesses accounted for as much as 40% of all such deals. The ongoing internationalization of the Chinese yuan and the Beijing government's 'Going Out' policy have jointly prompted mainland companies to expand in Hong Kong. In early 2016 over 1,100 mainland companies had offices in Hong Kong, up from 720 in 2006 – an increase of some 45% in the last 10 years.

Mainland corporations account for around 21% of all space leased in the Central Grade A office market

Mainland corporations account for around

Citibank Plaza, which last year had one of the highest vacancy rates in Central, but is now nearly full. Earlier last year BlackRock Asset Management and Bloomberg both relocated here from Cheung Kong Center, just opposite, and leased 67,000 sq ft and 33,500 sq ft respectively. Since then other new tenants include Huajan Holdings, Hani Securities and Zheng He Capital who moved into Citibank Tower, and Zongyi Auspicious Capital, Rich Hero Holdings and Azentus Capital moved into ICBC Tower.

Elsewhere in Central, Tyee Capital Group leased a floor in LHT Tower and other new tenants here include CMI Capital and City Square. New tenants who moved to Prosperity Tower include Markit Group, Fidinam HK, and Cortus Capital. Southland Building, opposite Exchange Square, has been popular with boutique fund managers while Charles Lim Capital, SIA Partners, Neo-Criterian Capital Hong Kong Investment Advisors and Orient Minerva Hong Kong are all new tenants there. Wanchai has seen healthy activity over the last 6 months because there is quite a wide variety of choice in terms of sizes and budget. One of the last remaining floors in 28 Hennessy Road was taken by Guotai Global Investments. A whole floor in Luk Kwok Centre was leased to BC Financial Group. South West Securities leased 10,000 sq ft in Central Plaza and Hong Kong Hai Bao Shipping leased a floor in Centre Point. Hybrid Kintec Group and China Investment Information Services both leased half floors in Great Eagle Centre and Netdragon Websoft leased half a floor in Harbour Centre.

Causeway Bay has been relatively quiet because of tight supply

Causeway Bay has been relatively quiet because of tight supply. Several existing tenants in Times Square secured additional space such as Google, who took another floor (20,000 sq ft) and other new tenants here include Greater China Financial Holdings and Alexander McQueen Hong Kong.

North Point and Quarry Bay have both seen plenty of movement

Finally on Hong Kong Island, North Point and Quarry Bay have both seen plenty of movement. In North Point, Bachman Hong Kong leased a floor in 88 Hing Fat Street while new tenants to 101 King's Road include GMF Finance and the Altus Group. Shoe retailer Dr Martins Airway has expanded in 148 Electric Road and other new tenants here include Crystal Vision Energy and Sinopharm Holdings. Opposite at @Convoy, 169 Electric Road, Harmonic Strait Financial Holdings moved in there late last year. In AIA Tower, AIA themselves have been absorbing many of the vacant units there.

In Quarry Bay Performance Media Group leased a floor in Prosperity Millennia Plaza, AIA leased 3 whole floors in 633 King's Road and Pearson Education Asia relocated from Cornwall House (due for redevelopment) to 1063 King's Road. Other companies that relocated from Taikoo Place, as a result of the planned redevelopment of Cornwall House and Warwick House chose to move over to Kowloon East because of the lack of alternatives on Hong Kong Island. For instance, Beckman Coulter relocated from Oxford House to Landmark East in Kwun Tong (14,400 sq ft) and Oxford University Press has relocated from Warwick House to One Kowloon in Kowloon Bay 23,300 sq ft.

21% of all space leased in the Central Grade A office market, up from 10% in 2009 and if this rate of growth is maintained it is estimated that by 2021 nearly 30% (around 7 million sq ft) of the tenant base in Grade A buildings in Central will be mainland corporates.

In the top prime market, new tenants who moved to Two International Finance Centre include "Hua Xia Bank" and "Shandong Gold Financial Holdings". One of the most active buildings over the last 9 months is On the fringe of Central / Sheung Wan, The Wellington is filling out and has secured Quad Capital Management, UP Investment Management, Ventum and Epom Systems as new whole floor tenants. New occupiers to Central 88 include APPCO Hong Kong, DC Wealth Management and Jin Hung Securities. Interior design consultants Gensler leased a floor at East Exchange Tower. Worldfirst Group leased half a floor in Ace Tower and other new tenants here include Qfang Network Hong Kong and Sun International Securities. The Hong Kong Japan Club leased two whole floors in Tower 535.

Supply Prime Central vacancy rate around 1.7%

The chronic shortage of supply is set to continue on Hong Kong Island for quite some time, although Kowloon East is likely to have a wider choice of good quality developments to pick from over the next 12 months. In Kowloon Bay, Goldin Financial Centre is scheduled for completion in Q2 this year and will provide around 852,000 sq ft (gross) space. In Kwun Tong, Mapletree, Sun Hung Kai and Swire Properties all have new office schemes coming to the market in the next 12 months which will provide much needed relief for those larger space users looking to find efficient, affordable space. In Central office vacancy rates fell to a record low of 1.7% and the bulk of what little space that is available can be found in the premium buildings commanding the highest rentals. Those companies looking for midbudget units in Central often have to rely on finding pockets of space wherever they can find them, but there are no large space options available in this price range. Even around fringe Central / Sheung Wan space is tight and opportunities are limited. The widest choice in this location can be found in buildings like The Center, but rental rates there have escalated as a result of such scarcity.

The only new significant development in Central to be completed recently was Shanghai Commercial Bank Tower at 10-12 Queen's Road Central. The majority of this building is being occupied by the bank itself, but there are several whole floors available averaging 4,366 sq ft (not subdivisible).

Market waiting for the completion of the redevelopment of Wing On Life Building and Wing On Central

The market is waiting with much anticipation for the completion of the redevelopment of

Wing On Life Building and Wing On Central, namely ChinaChem Central One and Two. Both buildings are separate 25-storey office towers, each with an average floor plate from around 3,300 sq ft. This scheme will attract tenants with the smaller size requirements who need to be in prime Central and Chinachem Central One is expected to be ready around Q3 this year.

It will not be until 2018 when the next major wave of new supply is expected to arrive

However, it will not be until 2018 when the next major wave of new supply is expected to arrive involving three major schemes, namely Lee Gardens Three in Causeway Bay, Asian House in Wan Chai and Somerset House Taikoo Place.

Summary of New Office Developments 2016 to 2018

Major schemes in 2018: Lee Gardens Three, Asian House, and Somerset House

Lee Gardens Three is the redevelopment of Sunning House / Sunning Court and will comprise a 27-storey office tower (380,000 sq ft) with an average floor plate of around 17,000 sq ft while Asian House will be a lowrise 12-storey development providing a total of 236,000 sq ft with an average floor plate of around 21,000 sq ft.

The redevelopment of Somerset House is the first part of of Taikoo Place Phase II redevelopment, with the second phase involving the redevelopment of Cornwall House / Warwick House in 2019/20. Somerset House will comprise a 48-storey office tower with 2 basement levels of car parking and total office space of around 1,020,000 sq ft.

Rentals / Forecasts Prime Rates have advanced 15% in the last 12 months

Average top prime rentals in Central have firmed during the course of last year by approximately 15%, with premium effective rates now averaging around \$106.00 sq ft in Central / Admiralty. As the gap between Central's rates against the rest of the market widens again, cost pressures are growing and more companies are considering decentralization as an option once more.

More companies are considering decentralization as an option

More companies are also weighing the possibility of splitting their operations again, unlike past cycles it is the medium size companies who are also considering this as well now. This is likely to push up rates in the secondary locations.

The limited growth of foreign companies in recent years has meant the uplift in demand from mainland companies has been all that more important to landlords. Their willingness to pay premium rates to secure the most prestigious offices in town has led to a significant firming of rates in the top prime market. However, with China's economy starting to slow and financial markets showing more volatility, there is growing concern whether this demand from the mainland is sustainable.

More firms are finding it difficult to afford rents over \$100 per sq ft

In general, the economy has been encountering headwinds and more firms are finding it difficult to afford rents over \$100 psf. This in turn will cause a spillover effect with relocations to nearby areas such as Wan Chai and Causeway Bay provided they can find the space. Kowloon however is a different story. Weak performance of companies in trading. sourcing and shipping have made them become very cost conscious, so demand is likely to remain weak.

Kowloon Bay is likely to be the weakest area because of the impending oversupply. Some 280,000 sq ft is expected to come onto the market here, just from the release of existing stock and then added to this is the opening of Goldin Financial Centre which will mean a further 852,000 sq ft will be coming available. This is expected to push the vacancy rate of Kowloon Bay to around 15%.

Overall we expect rates in Central to firm by a further 7.5% throughout 2016

Overall we expect rates in Central to firm by a further 7.5% throughout 2016 as the demand / supply imbalance continues. But, demand is not quite as strong as it was and there is more resistance from established firms to paying the high Grade A rates.

1.5M sq ft of office space coming in 2018

Rates in Wan Chai and Causeway will benefit from this scarcity value and the market will only be relieved in 2018 when a further 1.5 Million sq ft of office space will be coming on stream. Rates in Island East are likely to hold firm as it still remains one of the most competitive locations on Hong Kong Island.

Why use Corporate Locations?

Market Knowledge

- Comprehensive coverage
- · Market often relies only on Landlords listings, which don't cover everything
- · We have first-hand real time knowledge who is moving out of which space
- World class market research

Best In Class

- Market experts
- Many large agencies boast of multi-disciplines from interior design to project management, but can't be masters of everything
- We specialize in only one market office agency
- Solution providers delivering answers to the most challenging requirements

Transparent

- -All opportunities introduced
- Every leasing option revealed gives clients complete confidence
- No issues working with 3rd party agents or dealing with any landlord - ensures maximum coverage

Trusted

- No exclusive appointment necessary
- Preferred acting status is all that we seek, no pressure/ obligations
- Informal arrangement allows other agents to still introduce options to you
- · Safeguards the tenant to ensure every opportunity is presented

Independent

- Truly impartial
- · Essential that every building is considered
- Unbiased towards any particular building or Landlord
- · We present competing schemes without any conflict of interest

Support

- Complimentary services
- Introduction to trusted partners to complete the move designers, movers etc.
- Personal guidance through every step of the process
